Happy Birthday Thomas Jefferson

Thomas Jefferson born this day

> *A wise and frugal government, which shall leave men free to regulate their own pursuits of industry and improvement, and shall not take from the mouth of labor the bread it has earned — this is the sum of good government.*

Rightful liberty is unobstructed action according to our will within limits drawn around us by the equal rights of others. I do not add 'within the limits of the law' because law is often but the tyrant's will, and always so when it violates the rights of the individual.—Brainy Quotes

Thomas Jefferson was born this day in 1743 in Virginia. He was the third president, wrote the initial draft of the Declaration of Independence, promoted the principles of a

Republic, and was our first Secretary of State. He was responsible for the Louisiana Purchase which occurred on the 30th of this month in 1803 doubling the size of America overnight.

Enlighten the people, generally, and tyranny and oppressions of body and mind will vanish like spirits at the dawn of day.

Every citizen should be a soldier. This was the case with the Greeks and Romans, and must be that of every free state.

I believe that banking institutions are more dangerous to our liberties than standing armies. If the American people ever allow private banks to control the issue of their currency, first by inflation, then by deflation, the banks and corporations that will grow up around [the banks] will deprive the people of all property until their children wake-up homeless on the continent their fathers conquered. The issuing power should be taken from the banks and restored to the people, to whom it properly belongs.

The spirit of resistance to government is so valuable on certain occasions, that I wish it always to be kept alive.

An honest man can feel no pleasure in the exercise of power over his fellow citizens.

A strong body makes the mind strong. As to the species of exercises, I advise the gun. While this gives moderate exercise to the body, it gives boldness, enterprise and independence to the mind. Games played with the ball, and others of that nature, are too violent for the body and stamp no character on the mind. Let your gun therefore be your constant companion of your walks.

I predict future happiness for Americans if they can prevent the government from wasting the labors of the people under the pretense of taking care of them.

It is our duty still to endeavor to avoid war; but if it shall actually take place, no matter by whom brought on, we must defend ourselves. If our house be on fire, without inquiring whether it was fired from within or without, we must try to extinguish it.
