Upcoming Supreme Court case could affect Internet book

sales

On the 29th, the Supreme Court will hear a case which could affect booksellers using Internet sites such as *E-Bay* and *Amazon*. In question is whether or not selling books printed in foreign countries can be sold through these outlets without the permission of the Copyright owner.

The Appeals Court for the 2nd Circuit in New York decided in John Wiley & Sons, Inc. v. Kirtsaeng, 654 F.3d 210, 99 U.S.P.Q.2d 1641, 2011 ILRC 2481 (2d Cir. 2011) that the first sale doctrine of the Copyright law does not include works made overseas. The first sale doctrine in effect since 1908 allows a person to purchase books for resale without limitations imposed by the Copyright owner.

While very unlikely we do reserve the right to change or revoke this offer at anytime, and of course we cannot offer this coupon where it is against the law to do so. Finally, Lulu incurs the cost of this discount, so it does not impact the Author's proceeds of the book.

Essays on the Constitution of the United States

Now available

After the War for Independence, the country had to form a more perfect union. The question was, what kind.
The States were used to autonomy. Many were so satisfied with this arrangement that the preferred to remain under the Articles of Confederation. There were many opponents to the new Constitution of the United States known as Anti-Federalists.

The Federalists were those in favor of the new Constitution and its “limited” form of government. They never anticipated their posterity twisting of the words of the Constitution to eliminate the freedoms they had fought for.

But the Anti-Federalists did. “It might be here shewn, that the power in the federal legislative, to raise and support armies at pleasure, as well in peace as in war, and their

controul over the militia, tend, not only to a consolidation of the government, but the destruction of liberty," a writer who wrote as Brutus complained.

Essays on the Constitution was edited by Paul Leicester Ford and published in 1842. It is an intriguing look at the arguments in the newspapers of the time on the subject.

It seems that Rhode Island was not favored among the several States. Mr. Ford added a letter from a writer for Rhode Island.

I edited the work further giving it a new index and adding the works of Brutus which were referred to in the original work, but never added. I added, also, the objections by Elbridge Gerry, Patrick Henry and Colonel George Mason—All of which refused to sign the Constitution.

This book is an interesting view of the battle for ratification of the Constitution and a good read for anyone studying the history of the United States from those who lived it.

Government Class book on sale.

Beware the ides of March or you might miss a good deal. From now until March 15, you can get 15% off of your order by entering IDES305 in the coupon section for your order. Maximum savings with this offer is $10. This is an offer from LULU.COM which reserves the right to modify or cancel the offer at anytime. Not available where prohibited by law. This book has been known to cause bleeding and convulsions in laboratory liberals.

The Government Class Book by Andrew Young was one of the text books used in class rooms throughout America to explain the Constitution. While William Rawles’ *A View of the Constitution of the United States of America* remains thoroughly a secular law book, Andrew Young explains government at all levels and how they intertwine. His work certainly takes a different view of “the Separation of Church and State.”

This work is also available as a download and can be downloaded by members of Freedom Torch.

January sales contest on LULU.com

The January sales contest is on at LULU.com. You can enter READ2011 at checkout to receive 10%* off of your order and help me win a contest.

One of my recommendations is the fictional thriller A Shroud of Evidence. One review states, “This book is intense. So like what it may be like someday. It has a lot of action, suspense and even love. A good read. I recommend it highly. My compliments to the author.” If you have an Amazon, Barnes and Nobles or other online book store account, you can purchase through those sites, but you cannot use the coupon code. 6×9 paperback.

Another pick is Concerning the Militia. This book started out as a research project during the Clinton administration and grew into a reference book. I would guess much of it you already knew or may have seen. Can be purchased in hardcover or paperback through LULU.com only.

The Patriotic Observances Handbook is a guide to the latest patriotic observances and legal Federal Holidays plus a perpetual calendar. This one came about as I searched for information on the LEGAL HOLIDAY National Prayer Day.

2011 Patriot Journal contains some of the information from the Patriotic Observance Handbook. Contains spaces for monthly appointments and journal pages.

My latest work, A Clause for Concern is an examination of the Interstate Commerce Clause of the Constitution by a non-lawyer. Just how far does this Constitutional Power of Congress extend? What of other Constitutional authorities that the Congress has delegated or ignored? I must admit that this one may contain some mistakes, but I reference source material for you to look up.

I also have some reprints of older books such as A View of the Constitution of the United States of America. American Documents Volume II contain the Federalist Papers and American Documents Volume III contain some of the Anti-Federalist Papers. You can see all of the books I have available at my online store.

Please remember, a portion of the proceeds from the sale of these books goes toward buying houses, cars, food, etc.
