Lulu holiday savings until December 14th.

Right now you can save 25% off any book at LULU.com to a maximum of $50. Simply add the coupon code **BUYMYBOOK305** when you checkout. This offer expires December 14, 2011. Some of these books are downloadable as PDFs.
For those who like the smell of paper in the morning, our recent *Treatises on Warfare* contains a collection of documents from various eras of warfare. *Concerning the Militia* is still available and contains a wealth of information on the Second Amendment to the Constitution of the United States.

We have recently added *Essays on the Constitution of the United States* by Paul Leicester Ford with additional material and editing by Glen C. Davis. The "government approved" Federalist Papers were not the final word on the subject. See what some of the other Federalists and Anti-Federalists had to say about this document and the Bill of Rights. This book comes in regular print and a large print edition.

The fictional suspense novel *A Shroud of Evidence* is also still available. It is now available at the iBookstore for your electronic device.

So take your pick and save up to $50 until December 14th.

2011 Patriot Journal now available.

The 2011 Patriot Journal is now available. It contains much of the same information as the Patriotic Observances Handbook, but includes a monthly calendar, two pages for appointments and journal pages for your thoughts. Few graphics to leave room for your notes.

Patriotic Observance Handbook

The Patriotic Observance Handbook and Patriot Calendar is being made available, though it is still in its formative stages. I went through a search of Title 31 of the U.S. Code, on a search for information on *National Prayer Day* and was amazed at how many holidays I did not know about. For example, Honor America Days and Gold Star Mothers Day.
I added significant dates concerning American History and the development of our American culture. Yes, Virginia, there is an American culture.

As I watched old tapes of the American War of Independence aired on the History channel years ago, they point out that—even under King George III—the colonies were the freest in the world.

Just finished adding a table with all of the States, dates they were admitted to the union, capitol cities and mottoes.

The work will continue as I have dates to add and some things, but I am hoping that it will help people find the time to study what made this country great—and why we should return to it.
